

INSURANCE

Round Rock Children’s Therapy Center accepts many insurance plans as form of payment and in-network plans vary based on the type of therapy you are seeking. Please call us at 512-341-9991 for the most updated information. Examples of some of the companies we typically receive “in-network” rates are as follows:

Humana	Scott & White for OT only
Amerigroup	Medicaid
Blue Cross / Blue Shield	PHCS & Multiplan
Cigna	Superior
United Healthcare	

If Round Rock Children’s Therapy Center is not "in network" with your insurance company, we will still submit claims to your insurance company on your behalf, however, your benefits will be “out of network” which typically indicates you are subject to a higher deductible and are therefore responsible for providing payment for a greater percentage of the total therapy charges.

Additional Information regarding insurance benefits for therapy:

Many health insurance plans do provide benefits for speech, occupational, and ABA therapy. Unfortunately, a majority of these benefits contain restrictions for this coverage. Restrictions could be linked to a child’s diagnosis or age, as well as to the number of therapy sessions allotted to a child annually.

Prior to your initial clinic appointment, your insurance benefits for therapy services will be verified and reviewed with you in detail. Please understand that benefits which are quoted to you or to our patient medical billing consultant are not a guarantee that therapy service fees will be paid for by your insurance company. Your child’s diagnosis and treatment plan of care are unique, so never assume the benefits will ensure payment for the services rendered.

Please keep in mind that you are ultimately liable for any services not paid by your insurance company.
